

Event Report

Awareness Program on Cyber Security and Information Gathering.

In association with RedTeam

Venue: Main Block Seminar Hall
Date: AUGUST 10, 2023 Time:11.00 AM to 12:30 PM

- Conducted By: **Department Placement Unit**
- Conveners Name: **Ms. Nahan Rahman Assistant Professor, MEAEC**
- Convener Contact: **+91 9562909070**

Program Highlights:

- Security breaches, vulnerabilities, and countermeasures.
- Various aspects of cybersecurity.
- Feedback Sessions.

Program Brief

On August 10, 2023, an exclusive seminar on "Cyber Security and Information Gathering" was conducted at the Main Block Seminar Hall, catering to fifth-semester students. The event saw a turnout of **65** participants , with 4 students representing the AD department and 61 students from the Computer Science department. The seminar featured **Mr. Arun CB**, a senior cybersecurity researcher from Red Team, as the resource person, highlighting the institution's recent Memorandum of Understanding with Red Team. The session proved to be highly informative, delving into cybersecurity essentials, including common security breaches and countermeasures, with real-world examples and live demonstrations that captivated the audience. In interactive feedback sessions, students engaged in discussions and raised concerns about personal account security, to which Mr. Arun CB offered practical solutions. The Placement Coordinator, Mr. Nahan Rahman, expressed gratitude to the resource person and the team for their valuable contributions, cementing the institution's commitment to cybersecurity education and practical knowledge.

The seminar was highly informative, covering various aspects of cybersecurity, including common security breaches, vulnerabilities, and countermeasures. Mr. Arun CB shared real-world examples and case studies to illustrate the significance of cybersecurity in today's interconnected world. During the seminar, Mr. Arun CB and his team conducted live demonstrations to showcase

various cybersecurity threats and attacks. These practical demonstrations allowed students to better understand the techniques used by cybercriminals and how to defend against them.

During the seminar, students actively participated in discussions and expressed their concerns about the security of their personal online accounts. Mr. Arun CB provided practical tips and recommendations to enhance their online security.

Mrs. Nahan Rahman, the Placement Coordinator, expressed gratitude on behalf of the institution to Mr. Arun CB and his team for their valuable insights and efforts in making the seminar a success.

This event has further strengthened the collaboration between the academic institution and Red Team, fostering an environment where students can gain practical knowledge and skills in the field of cybersecurity. It is hoped that such initiatives will continue to empower students to protect themselves and contribute to the ever-evolving field of cybersecurity.

Coordinators

1. Mrs. Nahan Rahman, Assistant Professor, department of CSE, MEA EC

Profile of Resource Person

Name of Guest / Resource Person	Mr. Arun C B
	Senior Cyber Security Researcher
	Cyber Security Analyst
	Red Team

Participants Details

Pre-Final year students from Computer Science and Engineering Dept.

Faculty Members of Computer Science and Engineering Dept.

Student and Staff Coordinator of Placement Unit.

Total Number of Participants attended: 65
