Event Report

HackBit: Build, Break, Innovate

Venue: Seminar Hall, CSE.

Date: 14th October 2024

- Conducted By: **Dept. of Computer Science and Engineering**

Program Brief

The **HackBit**: Build, Break, Innovate hackathon was an inspiring two-phase event designed to encourage students to innovate and develop impactful solutions through teamwork and technical skill. The event began with an online phase, where teams engaged in brainstorming and planning sessions with mentor guidance, allowing them to refine their ideas and prepare for implementation. The offline phase took place in the CSE Seminar Hall, where participants presented their projects before a panel of judges, sharing their innovation journey, the challenges faced, and the potential impact of their solutions. Each team, composed of four members from the same class, submitted both their project code via GitHub and a presentation. Projects were evaluated based on four criteria: innovation, execution, impact, and feasibility.

The event concluded with an awards ceremony celebrating the efforts of all participants. Syntax Squad won first place, followed by Team ABCD and Team Orient in second and third places, respectively, while Team Matrix was recognized as the Best Performer. HackBit successfully fostered a collaborative environment, highlighting the student's creativity, technical expertise, and dedication. This hackathon underscored the power of collaboration and innovative thinking, inspiring participants to tackle future challenges with confidence and a spirit of continuous learning.

Coordinators

1. Mrs. Rajeena M – Staff Coordinator
2. Mr. Ashmal M – Student Coordinator

Financial Summary

Sl No	Item	Estimate Amount (INR)
1	Guest	0
2	Travel	100
3	Sweets or Food	120
4	Certificates, Awards or Gifts	1240
5	Games Items	16
6	Printing	0
7	Miscellaneous	0
Total Expenditure		**1476**
